CULTURAL BACKGROUND

We recommend that you inform us of your cultural background so we can provide you with the most appropriate care.

COMMUNICATING VIA EMAIL

Emails are checked periodically through out the day and will usually be actioned within one business day. Please do not email us regarding an urgent matter.

If you need to speak with us urgently during our opening hours or do not receive a reply to your email, please contact us by phone.

REFERRALS

We prefer to discuss your condition with you before referring to a specialist. If you have previously seen a particular specialist for an ongoing problem and require a repeat referral, please advise our receptionist.

RESULTS

We encourage all patients to return for results, as the Doctor should discuss these with you. Reception Staff do not have access to your results so they cannot give these over the phone.

FEE STRUCTURE

Family Circle Medical Practice is a private billing practice.

For ALL patients there is a private fee for general consultations. You will get a rebate back provided you are registered with Medicare. Some other services may attract an out-of-pocket fee.

We do have reduced fees for concession card holders over 65yrs. Pre-employment Medicals, forms and Commercial Driver's Licence Medicals will attract a fee. *Please see Reception to discuss further*

REMINDER SYSTEM

Our practice is committed to preventive care and participates in National and State reminder systems. We offer a reminder system for cervical screenings, breast screen, immunisations, blood tests and other preventive health services appropriate to your care. If you do not wish to be part of this system, please advise our reception staff.

SCRIPTS

We ask where possible that you try to obtain your scripts during your consultation. If you need repeat scripts, we ask that you make an appointment to see your doctor so that the medical condition for which the scripts are written can be checked.

If you have been seen recently and require a repeat script, the doctor may write it for you but may require a short consultation with your doctor.

EMERGENCY CONTACT

It is important that you identify someone we can contact in case of emergency or in case we are unable to reach you.
